

**UNITED STATES OF AMERICA
BEFORE THE
FEDERAL ENERGY REGULATORY COMMISSION**

Broadwater Energy LLC)	Docket No. CP06-54-000
)	
Broadwater Pipeline LLC)	Docket No. CP06-55-000
		Docket No. CP06-56-000

**MOTION TO INTERVENE OF
THE LONG ISLAND POWER AUTHORITY
AND LIPA**

Pursuant to Rule 214 of the Rules of Practice and Procedure of the Federal Energy Regulatory Commission ("FERC" or "Commission"), 18 C.F.R. § 385.214 (2004), the Long Island Power Authority and its operating subsidiary, LIPA (collectively "LIPA"), hereby move to intervene in the above-captioned proceedings. In support thereof, LIPA states the following:

I. Communications

All communications, correspondence, and documents related to this proceeding should be directed to the following persons:

Stanley B. Klimberg, General Counsel
Roni F. Epstein, Asst. General Counsel
Long Island Power Authority
333 Earl Ovington Boulevard
Suite 403
Uniondale, New York 11553
Telephone: (516) 222-7700
Facsimile: (516) 222-9137

II. Background

On January 30, 2006, Broadwater Energy LLC (Broadwater Energy) filed an application under section 3 of the Natural Gas Act (NGA) and Part 153 of the Commission's Rules and Regulations in Docket No. CP06-54-000 seeking authorization to site, construct and operate an offshore liquefied natural gas (LNG) receiving terminal and associated facilities (Floating Storage and Regasification Unit) in Long Island Sound, approximately nine miles from the shore of Long Island in New York State waters, as a place of entry for the importation of LNG. Broadwater Energy's proposed terminal is intended to facilitate the importation of LNG from foreign nations into the United States.

Also, on January 30, 2006, Broadwater Pipeline LLC (Broadwater Pipeline) concurrently filed an application requesting: (i) in Docket No. CP06-55-000 a certificate of public convenience and necessity, pursuant to Subpart A of Part 157 of the Commission's regulations, authorizing Broadwater Pipeline to construct, own, operate and maintain a 30-inch, 22 mile subsea lateral (and related facilities) as a single-use pipeline; and (ii) in Docket No. CP06-56-000, a blanket certificate under section 7(c) of the NGA and Part 157, Subpart F of the Commission's regulations authorizing Broadwater Pipeline to perform routine activities in connection with the future construction, operation and maintenance of the proposed 22 mile pipeline.

III. Grounds for Intervention

LIPA is the operating subsidiary of the Long Island Power Authority, a corporate municipal instrumentality and political subdivision of the State of New York. LIPA owns and operates the bulk transmission system on Long Island while also serving as a load-serving entity ("LSE") providing retail electric service to more than 1 million customers on Long Island. LIPA

purchases natural gas and fuel oil for use in the power plants located on Long Island owned by third parties, from which it purchases energy, capacity and ancillary services including operating reserves. LIPA is thus affected by the availability and price of natural gas, including LNG. Accordingly, LIPA has a direct interest in the outcome of these proceedings that cannot be adequately represented by any other party. For these reasons, it is appropriate that LIPA be permitted to intervene in these proceedings and to participate with full rights as a party.

IV. Conclusion

Wherefore, the Long Island Power Authority and LIPA respectfully request that the Commission grant their intervention in the above-captioned dockets with all rights associated therewith.

Respectfully submitted,

/s/
Stanley B. Klimberg, General Counsel
Roni F. Epstein, Asst. General Counsel
Long Island Power Authority

(516) 222-7700

CERTIFICATE OF SERVICE

I hereby certify that I have this day served the foregoing document upon each person designated on the official service list compiled by the Secretary in the above-captioned proceeding in accordance with the requirements of Rule 2010 of the Commission's Rules of Practice and Procedure, 18 C.F.R. § 385.2010 (2004).

Dated at Washington, D.C., this 10th day of March, 2006.

/s/
Roni F. Epstein
Long Island Power Authority
